## Venture Capital

- Financial & Strategic Planning
- Capital Raises
- Option Analysis
- Board Participation

- We offer our complete menu of boutique services to startup companies including capital raises and our own investment of real and human capital.
- Our offerings include Financial and Strategic Planning and the evaluation of business alternatives and the competitive environment.
- We partner with our clients to organize and execute capital raises and access the broad Chicago and New York Venture Capital entities as well as private investors.
- Vast operating experience at large and small manufacturing companies allows us to share best practices during the critical planning and launch phases .
- We take active Board positions when invited by our clients and provide early stage guidance as well as oversight once fully launched with strengths in Audit, Finance & Investment.
